

Matrax 4x4 Composite Industrial Flooring

YOUR ENGINEERED SOLUTION.

FEATURES

- Vertical locking system with reinforced structural ribbing
- Uniform lateral load transfer between panels
- Driveable and pedestrian friendly
- Closed-back design for lower degree of heat stress
- Translucent quality promotes photosynthesis
- Easy installation, handling, and transport
- 100% recyclable
- Made in the USA

APPLICATIONS

The Matrax high-performance system is an ideal flooring solution for temporary warehouses, pre-fabricated structures, storage tents, aircraft hangars, and other industrial applications. It provides an even, stable surface for workers, heavy equipment, and vehicles.

Specification	Standard	Metric
Net Working Surface	13.5 ft ²	1.25 m ²
Weight	50 lbs	22.68 kg
Compression Strength	450 psi	3,100 kps
Max Wheel Load	300 psi	2,068 kps
Max Allowable Deflection	3 in	7.62 cm
Temperature Range	-4°F – 113° F	-20°C – 45°C
Burn Rating	UL 94-HB	
Surface Texture	Diamond	

ADA compliant ramps and edge support blocks are available to enhance the appearance, function, and protection of the mats.
