

## Matrax Solid Composite Outrigger Pads

### RELIABLE LOAD DISTRIBUTION

#### FEATURES

- Reliable Load Distribution
- Lightweight with Convenient Handles
- Tough and Long Lasting
- Made in the USA

#### APPLICATIONS

The Matrax HDPE outrigger pads are designed to support utility trucks, tree trimmers, concrete pumps, cranes, fire trucks, and aerial equipment.

Width	Length	Thickness	Vertical Load Capacity	Weight
12"	12"	1"	45,000 lbs	5 lbs
12"	12"	2"	48,000 lbs	10 lbs
15"	15"	.75"	45,000 lbs	5.5 lbs
18"	18"	1"	55,000 lbs	11 lbs
24"	24"	1"	60,000 lbs	20 lbs
24"	24"	2"	62,000 lbs	38 lbs
30"	30"	1"	81,000 lbs	31 lbs
36"	36"	1"	93,000 lbs	45 lbs
48"	48"	1"	135,000 lbs	80 lbs
30"	30"	2"	85,000 lbs	62 lbs
36"	36"	2"	98,000 lbs	90 lbs
48"	48"	2"	140,000 lbs	160 lbs

*Ground conditions can vary considerably from location to location and exhibit variable soil bearing pressures. These conditions will have an impact on the performance of the outrigger pads. As a rule of measure, the maximum allowable deflections of the outrigger pads should not exceed 3 inches.*
